CLASS ATTENDANCE DURING NORMAL WORKING HOURS

Policy Statement

It is the policy of The University of Texas at Tyler to allow regular, full-time employees to attend one three-hour class conducted at U.T. Tyler during normal working hours each long semester. Class attendance during the summer semesters will not be allowed during normal working hours.

Time lost due to class attendance will be made up as agreed upon in advance by the employee and his/her supervisor. With prior approval, vacation leave may be utilized for this purpose.

Class attendance must be approved in writing prior to registration by the employee's supervisor, dean or director and the director of personnel services. Classes should be scheduled during times that do not conflict with the office's peak work periods. An employee's supervisor may request a change in the class schedule if the time period would be detrimental to efficient office operation.
