From: James H. Stewart, Jr.

Subject: Administrative Notes

I. 1974 Fall Semester Registration

I want to express my extreme delight with the enrollment for the 1974 Fall Semester which stands at 783 as of 2:00 p.m. today with late registration continuing through next week. As you will recall, this enrollment figure compares with 507 for the 1973 Fall Semester, and surpasses our previous high which was 580 for the 1974 Spring Semester.

Besides the increase in the head count enrollment number, it appears that our full time equivalency will also be improved considerably over the past enrollments.

II. Bidders' List for Phase I Construction

Attached is a recent bidders' list which I received today compiled for our information relative to all areas of Phase I construction proposals.

From all indications, each of the general contractors listed is very anxious to obtain the contract. It is encouraging to note the number of bidders listed in all areas. Particularly I am pleased to note that ten structural contractors are bidding including seven from Texas.
