History	BA/BS	Speech	BA
Journalism	BA	Vocational Education	BA/BS in Ed.

As you are perhaps aware, Tyler State College is one of Texas' new upper division state institutions offering course work at the junior and senior levels. Graduate work is included in the role and scope of Tyler State and instruction at the graduate level, based on actual needs, will begin in the future. Our institution is committed unequivocally to the concept of upper division education, and we are following this concept strictly in the planning of our instructional programs.

Our first classes are being offered at the baccalaureate level in six academic areas during the current (Spring 1973) semester. Course offerings will be expanded rapidly in succeeding semesters beginning with two summer sessions during 1973.

If we can be of service to you and/or the students in your institution, please let us know.

  
James H. Stewart, Jr.  
President
