I. Fall Semester 1977 Enrollment Report

Head-count enrollment for the Fall Semester 1977 was 1765 at 12:00 noon today. This represents a 17.4 percent increase over final head-count enrollment one year ago. At 18.8 percent over final tabulation last fall, our increase in semester credit hours continues to exceed the head-count increase from fall 1976 to fall 1977. An enrollment report, based on the official date of record for the current semester, September 12, 1977, will be furnished as soon as possible.

II. Preliminary Report for Postsecondary Educational Planning

A copy of the complete report prepared by the Coordinating Board, Texas College and University System, on postsecondary educational supply-demand in Texas (a summary brochure was provided to you August 29, 1977) is enclosed for your information. As I mentioned upon providing the summary brochure, this research was initiated through Governor Dolph Briscoe's request that the Coordinating Board conduct a survey relative to job opportunities in the State of Texas and will serve as a valuable tool in counseling efforts as well as academic programming.

III. 1976 Financial Report

Enclosed is your copy of the Texas Eastern University Financial Report for the year ended August 31, 1976. As you will note, the audit certification which I shared with you through last week's Administrative Notes is included as page 4.
IV. Report from Resident Engineer

Attached is a report from the director of physical plant and resident engineer for the week ending September 9, 1977.

V. Expenditures for Period Beginning August 1, 1977

Attached is a copy of the expenditures for Texas Eastern University for the period beginning August 1, 1977 for your information and files.
