United Way campaign extended

UT Tyler's United Way campaign has been extended through Monday, Oct. 31. Contributions received thus far total \$5,300, about \$1,000 short of the \$6,395 campaign goal.

Employees who wish to increase their pledge may do so simply by calling the Public Information Office; the new amount will be entered on the pledge card already submitted.

Employees who previously indicated no contribution may request a new pledge card from the Public Information Office on which to enter the amount they now wish to donate.

University employees who still have their pledge cards and have not yet contributed are urged to submit their pledge card to the Public Information Office.

Participants may pay the full amount of their pledge or any portion with return of the pledge card, or may choose to be billed by the United Way office (payroll deduction is not available at UT Tyler).

Twenty-three agencies are served by United Way of Greater Tyler, providing information and referral services, help for the mentally and physically disabled, family and individual counseling, day care, character building, disaster assistance and senior citizens services.
